Facilities Created / Upgraded During the Last Quarter

1. ICT and Digital Facilities

- **Smart Classroom Setup:** Integrated advanced interactive smart boards and high-definition projectors in major lecture halls to facilitate multimedia-based interactive teaching.
- **High-Speed Campus Wi-Fi:** Upgraded the campus internet infrastructure with high-bandwidth Wi-Fi to ensure seamless access to online educational resources and e-learning portals.

2. Academic Infrastructure

- **Modernized Pedagogy Labs:** Upgraded the science and social science teaching labs with new models, charts, and experimental kits for practical training.
- **Advanced Seminar Hall:** Refurbished the seminar hall with improved acoustics and seating arrangements to host guest lectures, workshops, and student presentations.

3. Library Enhancement

- **Digital Repository Integration:** Added access to reputed e-journals, digital B.Ed. reference books, and online databases for comprehensive research.
- **New Academic Arrivals:** Expanded the physical library catalog by procuring the latest editions of teacher education textbooks and competitive exam reference materials.

4. Administrative and Physical Infrastructure

- **Automated Office Management:** Implemented centralized management software in the administrative office to streamline student records, admissions, and fee processing.
- **Campus Surveillance & Safety:** Installed high-resolution CCTV cameras at strategic locations across the campus to ensure a secure and monitored environment.

5. Student Support and Welfare Facilities

- **Common Room & Counseling Area Renovation:** Completely refurbished the student common rooms and set up a dedicated, private counseling area to support student wellness and mentorship.
- **Health and Hygiene Strengthening:** Upgraded campus hygiene facilities by installing new commercial RO water purifiers for safe drinking water and renovating student washrooms.
